

PESTICIDE DRIFT

Compliance, Liability, and Protection

WEDNESDAY
MARCH 28, 2018

11:45 AM - 1:00 PM (lunch provided)
Yuba-Sutter Farm Bureau
475 N Palora Avenue
Yuba City, CA 95991

Pesticide drift is an ever-present threat to farmers, pest control advisers and applicators. Whether you apply pesticides or are affected by someone else's pesticide application and drift, this presentation will provide proactive steps and up-to-date information on how best to navigate this significant and growing issue.

In this one-hour complimentary seminar, you will learn:

- Regulatory compliance steps necessary to avoid drift and reduce exposure to liability;
- Steps to take if a drift has occurred;
- Important documentation you'll need if you are affected by or the cause of a drift incident; and
- Drift liability for farmers, PCAs, and applicators and insurance coverage considerations.

SPACE IS LIMITED. Please RSVP to Laurie Johnson before Friday, March 23, 2018 to reserve your spot.

John McCarron and Dale Stern of Downey Brand have practiced agricultural law throughout Central and Northern California for several decades and have assisted farmers, PCAs and applicators with all aspects of pesticide drift issues. John has successfully recovered millions of dollars for farmers who were affected by drift incidents. Dale is a former PCA who serves as general counsel to statewide trade associations representing farmers, PCAs, and applicators and frequently lectures on compliance with state and federal pest control regulations.
